

You Gotta Get Up

1. You gotta get up walk around
Walk around in the sun
Walk around 'til the day is done
Walking here and walking there
Walking almost everywhere

You gotta walk and walk and walk and walk and
Walk and walk and walk and walk and drop!

2. You gotta get up skip around
Skip around in the sun
Skip around 'til the day is done
Skipping here and skipping there
Skipping almost everywhere

Chorus

You gotta skip and skip and skip and skip and
Skip and skip and skip and skip and drop!

3. You gotta get up creep around
Creep around in the sun
Creep around 'til the day is done
Creeping here and creeping there
Creeping almost everywhere

Chorus

You gotta creep and creep and creep and
Creep and creep and creep and creep and drop!

4. You gotta get up run around
Run around in the sun
Run around 'til the day is done
Running here and running there
Running almost everywhere

Chorus

You gotta run and run and run and run and
Run and run and run and run and drop!
